LinkedIn: <https://www.linkedin.com/in/yusufdokmeci/>

Profile

Translator and localization specialist (EN > TR) with three years of experience across broadcast subtitling, game localization, and long-form literary translation, currently studying Mechanical Engineering at Bilkent University. Produced accessibility captions for national television and localized three indie games with their developers, working comfortably with CAT tools, character-limit constraints, and tight delivery deadlines.

Experience

Board Member – Bilkent Translation Society (2025 Sep - Now)

Organize translation workshops and society events, coordinate volunteer translators across projects, and review member submissions for terminology consistency and quality.

Game Translation and Localization (2024 Jun - Now)

Localize indie games from English into Turkish using CAT and engine-level tools (Translator++, RPG Maker), handling in-game text extraction, character-limit constraints, and cultural adaptation of dialogue and UI text.

Subtitle Writer - TRT 1 (2023 Jan - 2023 Dec)

Produced and proofread closed captions for national broadcast at TRT 1, applying accessibility standards for deaf and hard-of-hearing viewers.

Education

Ihsan Dogramaci Bilkent University, CGPA: 3.14

B.Sc. in Mechanical Engineering

Menteşe Anadolu Lisesi

Projects

Anime & Manga Translation - Translated and adapted more than 500 episodes / chapters of Japanese media from English for community releases, preserving tone, idiomatic dialogue, and honorifics.

Game Translation & Localization - Localized three indie games (~80,000 words) in direct collaboration with their developers, delivering final in-build text.

Novel Translation - Translated a full-length web novel (~26,000 words) single-handedly over six months, maintaining a consistent voice and terminology across all chapters.

Skills & Interests

Languages

- Turkish (Native)
- English (C1 - Advanced)

Technical Skills

- CAT & Localization: Translator++, RPG Maker
- Subtitling: Aegisub, Subtitle Edit, SRT / ASS formats
- QA & Style: Proofreading, terminology management, style guide compliance, SDH accessibility standards
